Results-driven Android Developer with experience building and deploying production-grade mobile applications. Skilled in Kotlin, Jetpack Compose, and React Native, with a strong background in backend integration using Firebase and RESTful APIs.

ANDROID DEVELOPER

Kotlin | React Native

EDUCATION	CERTIFICATIONS	SKILLS
B . Sc. Systems Engineering University of Lagos, Lagos — <i>June 2024</i>	Software Engineering with Backend specialization ALX and Holberton, Remote — <i>June 2022</i> Introduction to Computer Science and the Art of Programming CS50 , Remote — <i>June 2020</i> Android Development with Kotlin Google Developers, Remote — <i>June 2020</i>	Android, Kotlin, Java, React native (for hybrid apps), Swift, Python Android SDK, Jetpack Compose, MVVM Architecture, Room Database, Coroutines, Retrofit, Material UI Firebase (Auth, Firestore, Push Notifications), Restful APIs, NGINX, SQL, GIT, Gitlab, Github, CI/CD, Agile Development, JIRA

PROFESSIONAL EXPERIENCE

Tech4mationltd, Lekki, Lagos | September, 2022 to April, 2025 — Lead Android Developer

- Led the architecture, development, and deployment of two native Android apps (Retail & Business) using Kotlin and Jetpack Compose.
- Developed white-labeled versions of these apps for various clients, customizing UI/UX and business logic based on requirements.
- Integrated VoIP calling and real-time messaging functionalities using SDKs, Twilio, and SIP protocols, enabling seamless communication within the app.
- Managed Google Play Store releases, including APK signing, version control, crash monitoring, and Play Store policy compliance.
- Implemented push notifications and background services to enhance user engagement and customer tracking.
- Collaborated closely with UI/UX designers and backend teams to ensure a seamless mobile experience.

Kweekatel, Remote | January, 2024 to January, 2025 — Software Engineer

- Developed and maintained Android & React Native applications, focusing on real-time chat functionality for a CRM.
- Worked with Firebase for push notifications, authentication, and real-time data syncing.
- Built a native Android module for real-time messaging, enabling seamless WebSocket-based communication.
- Worked closely with backend teams to ensure smooth API integrations, optimizing data fetching for performance improvements.

Inlaks Computers, Victoria Island, Lagos | June, 2024 to August, 2024 — Software QA

- Formulated, executed, and maintained manual and automated test cases to ensure software requirements were met.
- Conducted end-to-end testing using Cypress for web applications and SpecFlow for behavior-driven development (BDD) testing, ensuring high-quality releases.
- Collaborated with developers and product managers to identify and resolve defects, enhancing overall product quality and reliability.
- Documented test results, created test plans, and generated reports to communicate quality metrics and test coverage to stakeholders.

Tech4mationltd, Lekki, Lagos | June, 2022 to September, 2022 — Software Developer Intern

- Learned and worked on native Android development with Kotlin, focusing on app architecture (MVVM) and best practices.
- Assisted in building new features and fixing bugs for the company's Android applications.
- Worked with Jetpack components, including Room for local database management and WorkManager for background tasks.

PROJECTS	OTHER ACTIVITIES
LawTech — Developed a platform enabling lawyers from different regions to access legal articles and generate contracts Cyberhive — Developed the frontend for a cybersecurity-focused Learning Management System (LMS) during a hackathon, where the project was a finalist. The platform aimed to democratize cybersecurity education. Layo — Built a comprehensive e-commerce site using Django backend and React frontend, focusing on online tailoring and clothing purchases.	Workshop Facilitator on building AI Powered Chatbots — The Librarian's Registration Council of Nigeria (LCRN) - September 2023 Member — Google Developer Student Club (University of Lagos) Member — Microsoft Learn Student Club (University of Lagos)
